

BURY COLLEGE

NEWS FLASH

OCTOBER 2021

LAMBS:

The lambs have been enjoying regular mindfulness sessions, with a range of activities such as heuristic baskets, exploring the new sensory room, light play, and aromatherapy. This has helped to settle new children with calm, sensory helping them to feel safe and secure in a calm environment. The children have enjoyed taking a nursery photobook home during visits to familiarise themselves with the staff and nursery environment and we have received lots of photography from home which has helped our transitions be as smooth as possible!

FARMERS:

The farmers have shown intrigue when Duncan our Nursery handyman visits the nursery to complete tasks. The children decided to take part in fixing their own roleplay shop with him using the screwdriver to remove the wheels. The children learnt about dangers, taking turns, and learning new skills. As the children enjoyed this so much, we will be encouraging more safe risks in play by using more tools for a range of tasks such as fixing equipment, chopping vegetables to make our own soup in the slow cooker and during forest school.

DUCKS:

The ducks have taken part in weekly forest school activities. Beth has recently taken on the role of forest school in the setting and has been researching fun ideas for us to try, we have recently explored using the new bug hunt kit, had a pretend campfire where we shared our favourite stories and had hot chocolate and marshmallows, and using twigs, leaves and conkers to create pictures with mud, water and paint.

The ducklings have also been learning about different occupations and enjoyed putting out fires with the spray bottles as one of their favourites was fire officers!

We wanted to say a great big thank you to everyone who has taken their time to complete information for our new 'focused child' planning! We have had some fabulous information and photographs sent in which the children have been so excited to share with their friends and display in the room. There has been great feedback so far, we can't wait to see more!
