

# DORSET DRIVE

# NEWS FLASH

**OCTOBER 2021**

## LOOK WHAT WE HAVE DONE...

Whilst the weather was dry we managed to tidy up our growing area with the help of the children and collected the last of the apples and made apple crumble for pudding!

Across the setting we have been carrying out oral health activities and learning about our teeth, keeping healthy and about trips to the dentist. We have introduced a new dentist book and lots of new activities.

We have been continuing to carry out forest school activities exploring the woodlands daily and carrying out scavenger hunts looking for different objects using trial and error and hand eye coordination skills.

In ducks the children have been learning about under the sea and have turned their nappy room into an under the sea aquarian. They have been exploring the water tray, painting and creating sensory bags.

In farmers we have introduced handwriting logs to focus on pen control. Every child has their own book and will practice mark making throughout the term. The children have also been learning about Autumn and about season changes, we have been discussing Nocturnal animals and learning about habitats.

## LOOK WHAT WE WILL BE DOING...

We will be continuing to expand on Nocturnal animals and habitats and weather/season changes, whilst learning about celebrations and festivals.
