

BURY COLLEGE

NEWS FLASH

JUNE 2024

WHAT WE HAVE BEEN DOING...

Firstly, a huge thank you to all that attended our stay and play planting session. Our garden now looks beautiful and bright! Thank you all again.

In the Lamb's room we have taken part in lots of sensory plays, we have been exploring paint and colours, we explored malleable material such as play dough and moon sand. We also explored light play using torches and shadows.

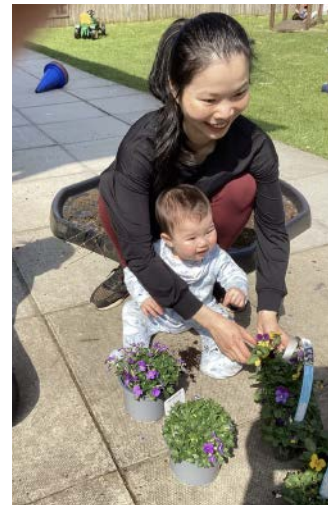

Within the Duck's room we have taken part in lots of planting activities and looking into the life cycle of living things and how they change over time. The children enjoy taking care of the plants, watering and watching them change. This week we have planted sunflower seeds, and the Ducklings children will be bringing them home to plant in their own gardens.

The Farmers children have also enjoyed learning all about plant life cycles and are very excited to see how big their sunflowers grow; the Children are looking forward to planting these in the garden. The Farmers really enjoyed world number day, where they took part in number hunts.

This month the Farmers' Children went on a fantastic trip to the college and sat on a real-life airplane, they pretended we were going to Disneyland, enjoyed decorating cakes and had their faces painted.

LOOK WHAT WE WILL BE DOING...

Over the upcoming month's we will be getting the children ready for the upcoming changes, such as getting ready for school, and some of the children moving up to the rooms. We also continue to focus on promoting independence and developing our fine and gross motor skills through a range of different activities, such as messy play, planting, outdoor play.
