

# EDINBURGH WAY

## NEWS FLASH

**JUNE 2024**

### DUCKLINGS

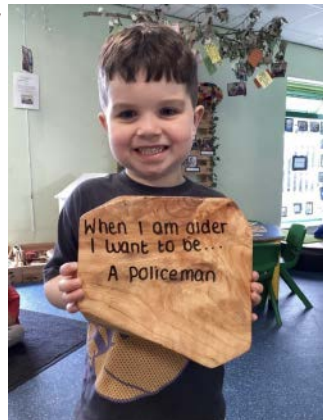

In the Duckling's room we have really enjoyed exploring colours linking in with the 'Brown bear, brown bear' book. We focused learning on a different colour each Day. We used the book with props linking to the different animals, spoke about animal sounds and carried out animal yoga. We then expanded our colour play outdoors with easel rainbow painting. The Duck's children also enjoyed celebrating National Nursery Rhymes week where we took part in a variety of exciting activities linking to some of our favourite nursery rhymes such as Leo the lion paint prints, twinkle star glitter crafts and old Mac Donald animal matching.

### FARMERS

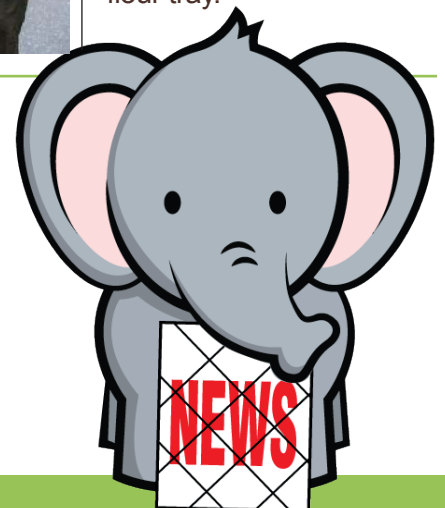

The Farmers have been learning about the people that help us to help the children to make connections between themselves and the outside world. We introduced the children to the different jobs and roles people take on in their own homes, in school and in their local community. Throughout the week the

Farmers will be visited by friends and families that work in different fields to expand their knowledge. Thank you, all parents who joined in, we had so much fun learning about all your important jobs and we were so lucky to be visited by the local police.

### LAMBS

The Lambs children have been enjoying the nice weather and we took the opportunity to take up gardening and enhance our outdoor area. We spent time exploring using all our senses, we dug out the old flowers and replanted new ones. The children spent time engaged scoping and pouring in the mud and flour tray.
