

BURY COLLEGE

NEWS FLASH

OCTOBER 2024

WHAT WE HAVE DONE...

With a new term has come lots of new beginnings as children have transitioned into their new rooms and have been very busy creating new friendships and bonds with their new keyworkers. Throughout September we have had lots of focused topics surrounding 'All about me!' as we learn all about one another and our new friends. We have spent time looking through your updated family pictures and seeing what you have been up to over the summer! We also hosted a Pirate party to link in with 'International talk like a pirate' day. The whole team wants to say a huge THANK YOU for everyone's participation, and we all loved everybody's outfits. Look out for the next themed days that we will be having across October!

WHAT WE ARE DOING NEXT...

Over the next few weeks across the nursery we will be exploring everything Autumn. Each room will be learning about the natural world around us! We are looking forward to participating in lots of nature hunts and bringing as many natural resources as possible from outside into the rooms. We will be sending out small paper bags home so your child can have their own nature hunt over the weekend and bring back their findings to share with their friends.

Across the nursery we have been busy updating our heuristic baskets, we would be very grateful for any spare items that you possibly no longer need that would benefit our sensory play. Items include Bracelets/bangles, metal pots and pans, wooden musical instruments, wooden cutlery, cosmetics (make up brushes, sponges, nail brushes) and metal cutlery.
