

# BURY COLLEGE

## NEWS FLASH

February 2025

### WHAT HAVE WE BEEN DOING...

January 2025 has been a very busy and exciting time for us here at Bury College. We've had lots of fun-filled weeks focusing on healthy eating, healthy teeth, and healthy minds.

The children have loved exploring and tasting different fruits such as guavas, mangoes, pineapples, and papayas. We linked these activities to the story Handa's Surprise, discussing where the different fruits come from and how they grow. The children also enjoyed sharing their favourite meals and listening to Harriet, the cook, who visited to talk about how she prepares healthy meals each day. In the Ducklings' and Farmers' rooms, the children have been building their independence skills by self-serving their own meals.

Healthy Teeth Week was also a great success. We explored the difference between healthy and unhealthy foods and discussed how they affect our teeth. The children loved sharing pictures of themselves brushing their teeth, discussing their toothbrushes, and talking about the different flavours of toothpaste. Thank you to all parents who sent in pictures!

### WHAT ARE WE DOING NEXT....

Over the next couple of months, Little Lambs will focus on creating new and updated keyworker boxes and enhancing the home corner. If you have any spare items such as utensils or food packaging, they would be much appreciated. Please could you also send updated family pictures.

In the Ducklings' and Farmers' rooms, we will be focusing on Understanding the World, which will include mirror play to explore our similarities and differences, learning about our surroundings and community, and investigating different materials.

We will also celebrate upcoming events such as Valentine's Day, Ramadan, and Eid. Additionally, we will learn about staying safe online, linking this to National Internet Safety Day on Tuesday, 11th February.

Thank you to everyone who completed the survey. We really appreciate you taking the time to share your feedback, helping us recognise our strengths and identify areas for improvement as we make positive changes moving forward.
